EUROSILICONE

Important notes

- ✓ Eurosilicone Premium Patient Warranty is also available on our website www.eswarranty.com where you will find full the details of the programme.
- ✓ Eurosilicone Premium Patient Warranty entitles the patient to a replacement of Eurosilicone breast implant free of charge. It does not extend to any other products, nor does it cover claims of any other nature, such as surgical costs.
- ✓ Eurosilicone Premium Patient Warranty is for the benefit of patients only.
- ✓ This brochure provides an overview of the Eurosilicone Premium Patient Warranty. It is not intended to, and cannot take the place of a full discussion between patient and surgeon.
- ✓ Eurosilicone shall not be responsible, directly or indirectly, from issues arising from the use of this product, including without limitation, medical, surgical, and hospital cost or the reimbursement for the cost of breast implants not manufactured by Eurosilicone.
- ✓ Eurosilicone reserves the right to cancel, change or modify the terms of the Eurosilicone Premium Patient Warranty. Any such cancellation, change or modification will not affect the currently stated terms for those already enrolled in the programme.
- ✓ Eurosilicone is a leading partner within the worldwide plastic surgery community. We are an innovative developer and manufacturer of a complete range of quality surgical implants and tissue expansion solutions.

Introduction

Eurosilicone has been a leader in the worldwide plastic surgery community for over 20 years. Our core values are a commitment to excellence and consistent attention to meeting expectations. We have built our reputation on the quality and durability of our silicone implants. Our commitment to patient satisfaction is equally important to us.

We are pleased to introduce the Eurosilicone Premium Patient Warranty. This will provide all patients with Eurosilicone breast implants a Lifetime Product Replacement Warranty. The Eurosilicone Premium Patient Warranty is provided free of charge. Patients will be automatically enrolled upon completion of surgery. Eurosilicone is proud to offer this innovative and extensive warranty to all patients.

We invite you to review all the benefits of the Eurosilicone Premium Patient Warranty.

Full details are also available on our website www.eswarranty.com

1. Automatic enrollment upon implantation - free of charge

Eurosilicone Premium Patient Warranty applies to all recipients of Eurosilicone silicone-filled breast implants.

2. Silicone-filled breast implants are covered

Eurosilicone Premium Patient Warranty automatically applies to all Eurosilicone silicone-filled breast implants:

- Implanted after January 1, 2009
- Implanted in strict accordance with Eurosilicone literature as per product package insert
- Implanted by an appropriately qualified and licensed surgeon in accordance with accepted surgical procedures and techniques

3. Lifetime Warranty against rupture of the implant or severe capsular contracture

- In the event of internal rupture of the implant due to loss of shell integrity
- In the event of severe capsular contracture. Severe capsular contracture is defined with the Baker Clinical Grading Scale as Grade III and IV.

Eurosilicone Premium Patient Warranty will replace free of charge the qualified Eurosilicone implant for the lifetime of the implant.

4. Replacement of the implant in any model, size or style*

Following the request and recommendation of your surgeon, your current Eurosilicone breast implant may be replaced by any model, size or style.

5. Replacement of the contralateral implant in case of internal rupture

At the request and recommendation of your surgeon, Eurosilicone Premium Patient Warranty will replace free of charge the contralateral breast implant in case of internal rupture of the implant due to loss of shell integrity.

6. Automatic and free of charge renewal of Eurosilicone Premium Patient Warranty enrollment

After revision surgery, Eurosilicone Premium Patient Warranty will continue to apply to all recipients of Eurosilicone silicone-filled breast implants automatically and at no charge.

7. Events not covered

- Removal of Eurosilicone breast implant due to patient dissatisfaction with either size alteration or aesthetic result.
- Adverse events other than implant deflation or rupture
- Adverse reaction other than severe capsular contracture
- Loss of shell integrity caused by operative procedures
- Loss of shell integrity due to open or closed capsulotomy
- Custom made implants
- Non catalogue silicone-filled breast implants
- Cost related to intervention surgery

**Eurosilicone may apply a charge on products with a higher price*
